## Great Purchase

### Overall Rating

"I just got this bag in white. It is extremely well made and very roomy. I always carry a lot of stuff in my bag and usually have difficulty finding what I'm looking for when I want it. This bag has a built in divider which makes it much easier to keep things organized. It has two great side pouches that snap. I carry a blackberry and it fits easily into the exterior side pouches -- its great because I never have to miss a call, my phone is right there, easily accessible.

I would definitely recommend this bag. My only concern is that the bottom may get dirty as it does not have studs on the bottom."

Buttery pebble leather helps you look your best for a date, dinner party, or night out with the girls. It's the bag you'll turn to every day--all at an amazing value.

Crossbody bags are in high demand. Here's why: Plenty of pockets inside and out keep you effortlessly organized. Stow credit cards, coupons, makeup, and more securely and in easy reach. ### MY FIFTH TIGNANELLO BAG -- LOVE IT!

Posted by latebloomer 03-21-10  
([read all my reviews](#))

Overall Rating

"I recently received this bag as a gift in a two-tone brown combination (don't know what the colors were called). I just love Tig bags in general and this one in particular. It is the perfect size for me since I'm quite short, and many of the larger bags look ridiculous on me. Size is deceptive, however, since there is plenty of room inside for everything that I carry around (wallet, date book, phone, sunglasses, hairbrush, etc. etc.). I will keep an eye on it to see when other colors are available, since I plan to buy at least one more (was particularly interested in another review that said it came in purple!). My only complaint concerns the key fob -- why no dog leash clip? I don't want to carry the bag around with a plastic strip holding it on! Hence the 4 stars."
